

ETEBMS-2017

3rdInternational Conference on
“Emerging Technologies in Engineering, Biomedical, Management and
Science [ETEBMS-2017]”

9 July 2017, Jodhpur (Raj.) INDIA

Venue : Jodhpur, Rajasthan, INDIA

Website : sdtechnocrates.com

E-mail : sdtechnocrates@gmail.com

About Us

Jodhpur, the second largest city in the largest state of India. Popularly also identified as Suncity because of the impact of intensity by Sun's rays falling perpendicularly on the surface ground here. You can feel the maximum brightness of sun out here exclusively.

This fact is reflected in the tradition of Jodhpur where in terms of clothes mostly warm & bright colors are appreciated and in terms of food also cuisines are mostly intensely flavored.

Thus we strive to extend the heritage of our soil in technical aspect by providing exclusive opportunity to our immensely talented research enthusiasts. Each of them is selected to exhibit his/her quality work in front of the panel of experts.

The intellectual ancestors of the city in medieval times has given philosophical roadmap that laid to the construction of remarkable world heritages like Mehrangarh fort & Ummaid Bhavan.

Lets try to make such discussions inclusively with our local researchers present here in hope to create or discover something that will proud us later.

Accidents has witnessed many inventions, however lets not talk doing accidents just now. haha

ETEBMS series are Interdisciplinary Conferences that aims to provide an excellent International medium for sharing research, knowledge and results in various disciplines like Engineering, Biomedical, Management, life-science, Medical Science, Pharmacy and Technology etc. The aim of the Conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet the share cutting-edge development in the field with an objective to promote scientific and educational activities towards the advancement of common man's life by improving the theory and practice of these various disciplines. Proposed & Presented Papers in the proceeding are published in International Journal as follows
